

SMART CASUAL

Smart Casual is Roger David (on guitar) and Fletcher Jones (on beard), arguably Australia's smartest, most casual musical comedy duo.

In 2009, Smart Casual featured in the Melbourne International Comedy Festival's handpicked selection of hot new talent, *The Comedy Zone*, before going on to tour nationally and internationally on the Melbourne International Comedy Festival Roadshow...by internationally, they mean Singapore.

In 2010 the boys toured their show *Same Mother, Different Fathers* – their life story to date – two half-brothers living together as a musical comedy duo. Directed by good friend and comedian Heath Franklin, the show sold out at the Adelaide Fringe, Sydney and Melbourne Comedy Festivals.

They toured again in 2011 with their show *The Story of Captain Entrée* about an old racist sea captain sailing around the world for the first time. The popularity of the

show again saw the brothers sell out in Adelaide, Melbourne and Sydney and were selected for a stretch on the Festival Roadshow including dates in India.

Smart Casual received glowing reviews for their 2012 show *Broken Dreams* a comedy about the crushing realisation of being ordinary, stuffed with a brand new batch of sibling banter and songs.

The story of Doug, in *The Other Brother* during 2013 was an audience favourite and once again collected them fabulous reviews and audiences around the country.

Smart Casual appears regularly at comedy clubs and festivals across Australia.
